Hello All, I've googled for quite some time and can't find any information of a full disassembly of a RugerP89DC model. Sure, I can find the P89 disassembly instructions, and following those I can get pretty far, but I can't figure out how to get the second half of the safety to come out so I can remove the firing pin.

Ruger does not necessarily produce firearms in serial number order. There are occasions when blocks of serial numbers have been manufactured out of sequence, sometimes years later. Also, within a model family the same serial number prefix may be used to produce a variety of different models, all in the same block of serial numbers.
