Georeferencing Images in Sketchup. ... When importing an image in sketchup, you have the choice of Import as Image or Import as Texture. It would be better if the distinction offered by the import dialog concerned Import as Reference Image since a texture is an image, too. What makes the Image option attractive is that Images in sketchup do ...

Running ArcGIS 9.2 and Sketchup Pro 7. Have installed the Sketchup GIS plug-in (though it says it's for Sketchup 6). Found a number of old posts and a great pdf instructional that specify there should be an option in Sketchup under File, Export, 3d Model for file type of ".mdb". I do not see this file type option in Sketchup.
