Common Washing Machine Problems and Solutions | PCRichard.com

Our washer is only THREE YEARS OLD! There's only 2 adults in our house and it's doing the same thing! The service technician said it needs dampers and some sensor which he needs to order. I've had washers in the past that worked for years and never needed service! Needless to say I'm not impressed with this Samsung washer.

SAMSUNG WASHER SPIN CYCLE NOT DOING ITS JOB

The washing machine is up there with the refrigerator and the heater/AC unit as one of the three most vital home appliances in modern life. When any of these three machines goes south, it can be cause for alarm. Unlike with the other two, however, repairing the washing machine does not automatically entail a service call from a professional.
