In my HD i got the battery tray from the dealer for around 60 bucks and 2 1000 cca batteries for \$180 and 16 or 18 ft of 1/0 ga battery cable which was pricey at \$3 a foot but all you gotta do is remove the corner brace from the fire wall to the fender and with mine i had to cut off the tab where the brace bolts on to the firewall. its a tight squeeze but not hard at all but so well worth it.
