ECCOSORB Principles Introduction. It may be surprising to many that electromagnetic radiation absorbers were investigated as far back as the mid 1930's.

ECCOSORB Principles

Design 1047, also known as Project 1047, was a series of plans for a class of Dutch battlecruisers prior to the Second World War. The ships were intended to counter a perceived threat posed by Imperial Japanese aggression to the Dutch colonies in the East Indies. Dutch intelligence believed that the Imperial Japanese Navy would deploy its capital ships (aircraft carriers and battleships) against ...
