I love that the TV has the users manual built right in with a dedicated button on the remote and all the information you need is right at your finger tips. The reason I didn't give it a 5 for design is because the bezel is quite thin and not as refined as in past Samsung flat screen TVs, I guess you need to skimp some where to save money.

The Samsung NU7100 is a decent 4k LED TV. It has decent picture quality with a good native contrast ratio but lacks more advanced features to improve the dark room performance such as local dimming. It has extremely low input lag which is excellent for gamers but the response time is only decent so some blur is visible behind fast moving ...
