Samson Go Mic Quickstart Tutorial for PC and Mac

Picking out a microphone seems an intimidating process. After all, there are so many recording patterns to know about and it seems that picking out a general-purpose mic can be more difficult than selecting a user-specific option. Well, although the Samson Go Mic is nearly a decade old, it's still a go-to pick for many starting content creators, gamers, and podcasters.

Samson Go Mic review: An old dog with a few tricks

The Samson Go Mic is very affordable and very portable. It only cost 40 dollars and it is a lot better than other USB microphones. It records at 16-bit/44.1 kHz resolution and has selectable pickup patterns as well as an headphone output on it. When it comes to USB microphones I always tell people ...
