How to start a Prius when the key fob is dead

Prius (Gen 2) :: Keyless Entry Not Working / Black Key Non-SKS. Recently the keyless entry buttons (lock, unlock, panic) buttons stopped working. The red light still came on (strong), but car wouldn't unlock. The key still works for starting the car, but having to use the manual key to enter. What I have tried:

Prius (2004-09) :: Keyless Entry FOB Not Working

How to Start Your Toyota When Smart Key Won't Work. When car shoppers stop in and see us about getting behind the wheel of a new 2016 Toyota RAV4, we often get a lot of questions about Toyota Smart Key and push button start. A convenient feature for drivers, it gives many car shoppers reservations that center around the question — what if it doesn't work?

How to Start Your Toyota When Smart Key Won't Work

Hi, same problem here. Followed the instructions in the chain above. Had not used my prius for almost 3 months and the Battery had gone dead. Doused the key lock with WD40. Put in the manual key and turned it anticlockwise as hard as possible and the driver door opened. But none of the other doors or the boot would open.
