If you really believe Evoque is a Range Rover and not a Freelander in a frock then it has to be an automatic - luxury cars don't have manual shifters! One tip - without a low ratio gearbox and just relying on electronics and a Viscous Coupling for it's 4WD then from experience you are better off with an auto if you want to take the car off into ...

I've always had manual gearboxes until we got my wife's Disco. I like the fact that with a manual you can roll start it if the battery or starter is dead. It's really annoying with the automatic to have to go get the ignition key if I want to do anything like put it in neutral or shift the transfer case when I'm working on it.
