The Snow Thrower features an efficient friction disc transmission, a built-in headlight and a manual, 110 volt electric starting system. With a 12 inch impeller, the Snow Thrower offers a 35 to 50 foot throwing distance and a 200 degree chute turning radius, snow removal is made easy with this machine.

Snow Throwers | Worldlawn

There are several important factors to consider when choosing a snow blower. First, you should decide if you want a single- or two-stage snow blower unit. Single-stage snow blowers are designed to handle 3-9 inches of light, powdery snow; while two-stage snow blowers are designed to handle heavier amounts of moderate to heavy, wet snow.
