I want to use Qt with SCons so I can work with Godot in Qt. I appreciate if anyone could be more specific than the godot manual about how to do that, especially about how to prepare the Build configuration and the Run configuration in Qt to work with SCons.. The godot manual says that I should do the following: Click on Projects and open the Build tab.

## python - How to configure Qt with Godot using Scons (in ...

Programming with Scons Tutorial 1 - An Introduction to SCons Introduction. After you've decided what to program, there is a tedious problem common to all software projects: the build system that will track dependencies and compile everything in required order.

## scons / SCons / wiki / SconsTutorial1 — Bitbucket

Welcome to the SCons development tree. The real purpose of this tree is to package SCons for production distribution in a variety of formats, not just to hack SCons code. If all you want to do is install and run SCons, it will be easier for you to download and install the scons-{version}.tar.gz or ...
