ProCamera. on the App Store - itunes.apple.com

We're about a week out, as I said, and we're just now getting the first updates to third-party camera apps that give access to this new manual control, so I thought I'd take a look at one today, both because this application, ProCamera, is a great camera alternative, and it gives us a look at some of the kind of things we might be able to see ...

Exploring manual controls with iOS 8 and ProCamera

Select Apps from the left toolbar. Scroll all the way down and select ProCam. Choose the video you wish to save and click "Save to...". Note: If you own a Mac, you can use AirDrop to export your 4K videos through the in-app Share menu. Alternatively, 4K videos can be directly uploaded to YouTube or to a number of cloud storage services.

Tutorials - ProCam 6

When you tap the app, you're immediately ready to take pictures—and I'm a big fan of the intuitive menus and icons. Or, I should say, I'm a fan of most of the icons. Take a look at the ProCamera user manual before you dive in too deep—a couple functions are not readily apparent, even after you click the icon for them. (I'm looking ...
