Television Has No Sound Answer 8: If using an "S" video cable into an input on the back of your TV, these cables carry no sound, just video, so make sure you connect an audio cable too. Television Has No Sound Answer 9: Hook up an external device to the "TV audio out" input. This will be the test to see if it is a TV circuit board ...

SOLVED: No sound on tv... Any way to fix it? - Vizio ...

The amp is no longer visible on my network or can I get it to recognize USB, when ever I select Net or USB is just sits in a permanent state of initializing. I have tried different HDMI leads, the only indication given on the display is a flashing PCM light suggesting its not getting a signal. It still passes through image but no sound.

Onkyo Amp update, Quick "no sound fix"

I disabled the service and rebooted the system and noticed that the audio services did not start. Trying to start them by hand gave the errors you mentioned. When I started the power management service, I was able to start the audio services. Microsoft does not mark these as dependent services, but there is some relation.

The Audio service is not running
