I usually use DPM 2012 to restore mailboxes, but I have a request for someone who left months ago so I only have the VM backup. I can restore the .vhd that the .edb resides on.

Technet forums

The 'Microsoft.ACE.OLEDB.12.0' provider is not registered on the local machine . On a 64-Bit SharePoint system you will normally get the "The 'Microsoft.ACE.OLEDB.12.0' provider is not registered on the local machine." message if you try to connect to Office data like Excel or Access

or SQL Server via OLEDB. That's because no 64-Bit MDAC driver is installed by default.

Microsoft.ACE.OLEDB.12.0 provider is not registered on ...

Problem. InfoPath does not allow you to use character limits on multiline boxes. You can however, work around this issue by using a validation rule that prevents a user from submitting a form when it exceeds a specific number of characters.
