Need Help/Troubleshooting Your presets don't point to the new channels. Your XM dock and play radio's audio and presets are out of sync. Preset labels no longer match the channel name/number displayed on your radio.

### **Channel Update FAQs - SiriusXM Radio**

Rated 5 out of 5 by Shimmy19 from Easy install and works great I've had the module about a week now and wanted to give it a little testing time before reviewing. As others have said, install time takes about 30 min. If you don't have the service manual (as with me), you'll need a T25 torx to remove the 7 fairing screws and a T8 to remove the plate on the back of the radio.
