The Saab 9-5 was introduced to the United States in the spring of 1998 for the 1999 model year. Two years later, eEuroparts.com was founded as a Saab parts company, and we've been adding Saab 9-5 parts ever since. In a way, the Saab 9-5 launched eEuroparts. The first 9-5s were powered by Saab's B205 and B235 straight-4 engines.

The Saab H engine is a redesign of the Saab B engine, which in turn was based on the Triumph Slant-4 engine. Despite the name it is not an H engine or horizontally opposed engine, but a slanted inline-4. The H engine was introduced in 1981 in the Saab 900 and was also used in the Saab 99 from 1982 onwards. H stood for high compression, higher ...

"SAAB 9-5 " Good when the turbo cuts in, but usually don't get good boost until second gear (30km-60km). Average from 0-80km, very good from 80km-180km ;) Saab parts are expensive, but can be imported yourself (I have done so) Service at SAAB is expensive - found good SAAB servicer in Perth though Gets about 9.0 litres per 100km
