Principles of Marketing Engineering. As a profession, marketing is evolving, no longer based almost exclusively on conceptual content. That conceptual content will always have an important role to play in marketing, but the 21st century requires more analysis and rigor in marketing decision making. Much of marketing resembles design engineering -...

Principles of Marketing Engineering. In the case of shale oil production, there were few if any precedents to examine. In the absence of the availability of more formal estimation methods, a practical approach of using an average across a range of products was employed for early initial estimates of p and q parameters (Lilien,...
