Quantum Optics Scully Zubairy - leappr.com

Quantum optics has witnessed significant theoretical and experimental developments in recent years. This book provides an in-depth and wide-ranging introduction to the subject, emphasizing throughout the basic principles and their applications. The book begins by developing the basic tools of quantum optics, and goes on to show the application of these tools in a variety of quantum optical ...

Quantum Optics - Marlan O. Scully, Scully, M. Suhail ...

It is the first quantum optics book that I read, and I didn't get much out of it. Thinking that perhaps the problem was inadequate background, I then read from cover to cover Elementary Quantum Optics by Gerry and Knight. Although there are some problems with the latter which are addressed in a separate review, it did make more sense.
