These Questions and Answers were prepared originally in 1928 by a committee of the National Mine Rescue Association. The object was to standardize the procedure in connection with the recovery operations following mine fires and explosions, and at the same time set up that which would be instructive in training new men for this emergency work.

National Mine Rescue Association - Pittsburgh Coal Mining ...

A mine railway (or mine railroad, U.S.), sometimes pit railway, is a railway constructed to carry materials and workers in and out of a mine. Materials transported typically include ore, coal and overburden (also called variously spoils, waste, slack, culm, and tilings; all meaning waste rock). It is little remembered, but the mix of heavy and bulky materials which had to be hauled into and ...
