The Sandship, once captained by Skipper, is a mechanical galleon that protects Nayru's Flame, and is able to cloak itself. However, it was taken by pirates in search of the Sacred Flame on a stormy day ages before Link's quest, so Link and Skipper search through Skipper's Retreat, Lanayru Shipyard and finally the Pirate Stronghold to find clues to the ship's location.

Sandship - Zelda Wiki

A lube oil line burst, sending a mist of 150 psi oil up into 500+ degree steam piping causing it to ignite. The fireball went forward in the engine room, hampering fire fighting efforts and attempts to shut off the oil supply. It was a very unfortunate event, and the crew did well to save the ship with no loss of life.
