The Samsung Intercept was may first android phone so many of the things I'm experiencing may be due to the android operating system. If you are looking for a entry level android phone this may be as average as it can get. The phone itself is sturdy and nice to hold. The screen is not huge, but a decent size. The speed of the phone is about average.

When we reviewed the Samsung Moment on Sprint in November 2009, there weren't a lot of Android handsets on the market. Things have certainly changed in a little more than a half year, and Samsung's replacement, the Intercept, has a lot of competition. The Intercept is a starter Android smartphone ...
