This Engine is in good working condition, was tested before we pulled it. This Engine has the IMS kit Updated. I pulled it out of a 2002 Porsche 911, car had 60,597 miles, the 911 was a Tiptronic but the only difference between a manual and automatic is the wiring harness on the engine, you can

switch the wiring on your engine to this one if your 911 is a manual.

Complete Car & Truck Engines for Porsche for sale | eBay

The funny thing is, Porsche isn't really known for reliability in the long-term used car enthusiast market. The "993" 911 had valve guide issues. The 964 is famous for leaking oil.
