**Rotorway Exec : New New Helicopter complete Kit . Engine ...**

Early in our research into RotorWay helicopters, we were surprised to discover that operators are required, by factory instructions, to do an extensive valve train inspection and adjustment procedure every 25 hours of operation. We were even more surprised to discover that the RW engine uses solid lifters and lash caps in the valve train.

**Issues with the RotorWay Engine - epi-eng.com**

This site is dedicated to the rebuild and continual modification of my 1988 RotorWay Exec. This project started with the purchase of a standard Exec 152 in September of 2005. Currently, it has incorporated all the updates of a 162F model with the exception of a 1.75" rotor mast. My most recent upgrade is the installation of the Talon A600N engine.

**RotorWay-Rework**

EXEC-152 2-Seat Helicopter—about 30% assembled kit. DESCRIPTION: RotorWay EXEC-152 kit. 1989 model (approx.). About 30% assembled. All major parts and components needed to complete this kit are included. A full inventory will be performed for a buyer. Includes an RW-152 engine, doors, full cabin enclosure, full instrumentation.

**Exec-152 Kit: Complete - vortechonline.com**

In 1980, RotorWay introduced the RW145 engine, and the Exec helicopter. This was the first helicopter produced by RotorWay that strived to get away from the "kit helicopter" look. Unlike previous helicopters, the Exec did not have an exposed frame or exposed engine and far more attention was given to the aesthetics of the aircraft.

**RotorWay - Wikipedia**

When I flew my Exec 152 to any show or meet where there were Rotorway pilots and builders who had not seen it before, they were amazed that I could start the engine without the little starter pulling the rotor blades around with it, a really ridiculous system.
