A couple years ago my traction light was coming on. I took it to a mechanic who changed my gas pedal/sensor. This worked for some time. Then my traction light would come on and reduced engine power and check engine light would come on.

Traction light/reduced engine power and check engine ligh...

07 Tahoe Reduced engine power, stabilitrak service, and traction control service showed up on my informations center. Cleaned the throttle body, checked throttle body wiring harness and other wires, checked the gas pedal connection, and detached the battery.

Reduced engine power, service stabilitrak, service ...

If the traction control light comes on while you're driving, but no other warning lights are illuminated, don't panic. Find a safe place to pull over, turn off your vehicle, and then restart it. If a fluke in the TCS system triggered the warning light, it should turn stay off when you restart the engine.

Why Your Traction Control Warning Light Is On, and What to Do

Not sure if this is related or not but after driving my 2008 Impala (3.5) in the rain for about 5 hours I had two lights come on in addition to the Service Engine Light. The service traction control and then engine power reduced as well. I had the code read and it came up P 2135.

Chevy Impala "REDUCED ENGINE POWER" message — Car Forums ...

Our 2012 is doing this same crap. Started about a month ago at 96k miles after our local dealership repaired a bad connector in the airbag system. Service ESC, service traction control, reduced engine power, etc. It runs so rough when this happens, that it cannot be driven.

What does it mean when it says ESC maintenance Service ...
