(15.1 Energy and its forms, 15.2 Energy conversion and conservation, 15.3 Energy resources) 15.1:

Energy and its Forms Energy Energy is the ability to do work. (Energy is transferred by a force moving an object through a distance.) Work and energy are closely related. When work is done on an object, energy is transferred to that object. Work is a transfer of energy. Both work and energy are usually measured in Joules.
