The Saturn VUE is a compact SUV that was sold and built by Saturn, and it was Saturn's best-selling model. It was the first vehicle to use the GM Theta platform when it was introduced in 2001 for the 2002 model year. The VUE was later facelifted for the 2006 model year. A second generation model was launched in 2007 for the 2008 model year as a rebadged Opel Antara.

The pressure gauge light came on this Friday and last Friday during the early afternoon shortly after exiting the parking lot. The car had been parked for about three hours on an open asphalt parking lot and in both instances at the same location. The tire pressure for all tires were within two pounds of each other and within manufacturer's pressure specifications.

2002 Ford Ranger. First of all, before I got an oil change, and yes the car had oil in it before. When I would first start the car, engine sounded smooth and okay, but after awhile my engine would make knocking/ticking sounds when first accelerating and then for a second or two after I took the foot off the accelerator.

The Saturn L series is a line of automobiles, sedans and station wagons, that were made by Saturn Corporation in Wilmington, Delaware.. Poor sales of the L-series cars caused GM to cancel the line for 2005. The first L-series car was built in January 1999, and the last one rolled off the Wilmington line on June 17, 2004, after a short run of 2005 models.
