So I am in the process of getting a raptor 125. I have been looking around for some engine mods to do on it but coming up short aside from exhaust. I am debating on building a raptor 125 for xc or buying a raptor 250 roller and stuffing a Honda crf150r mill in it. Any of you racing these and have any go fast info I can use for my decision. My sons class will allow up to 150cc.
