*As this six speed manual transmissions, it ends taking place visceral one of the favored books six speed manual transmissions collections that we have. This is why you remain in the best website to see the amazing book to have.*

### **Six Speed Manual Transmissions**

A manual transmission, also known as a manual gearbox, a standard transmission or colloquially in some countries (e.g. the United States) as a stick shift, is a type of transmission used in motor vehicle applications. It uses a driver-operated clutch, usually engaged and disengaged by a foot pedal or hand lever, for regulating torque transfer from the engine to the transmission; and a gear
