Pontiac Performance Engines Cylinder Heads

One of the most important components to an engine's performance is cylinder heads. Butler Performance is the main source for stock and performance cylinder heads for your Pontiac.

Butler Performance Inc.

Custom-Ported Pontiac Cylinder Heads: At Nitemare Performance, we only build and modify pure Pontiacs with traditional Pontiac engines — the legendary 326-455 cubic inch V8s produced from 1964 through 1980. You will never see corporate (i.e., Chevy) or LS-series engines in our shop. We have a massive inventory of production Pontiac heads to suit all your restoration and drag racing needs.

Nitemare Performance | Custom-Ported Pontiac Cylinder Heads

Original Pontiac cylinder heads contain a wedge-type combustion chamber that's fully machined for a clean, consistent burn. All modern production engines, and most aftermarket Pontiac cylinder heads, feature a fast-burn combustion chamber, which is easiest identified by its distinct heart-shaped appearance.

When it comes to traditional Pontiac V8 engines, we manufacture the most performance parts around. We specialize in making and putting together certain combinations of engines and engine parts that get the utmost power for every dollar spent. If that's a heads up race engine or your standard street rebuild, we take it to the max.

Kauffman Racing Equipment

Minimizing restriction and maximizing airflow in and out of your engine is a necessity for making more horsepower. Installing accessories like a cold air intake, larger carburetor or throttle body,

aftermarket intake manifold, headers, and performance exhaust system will provide a considerable increase in power, but that still leaves a major bottleneck – the cylinder heads.
