Trademarked in 1988 by Trak International, Scat Trak did well for itself. Even though the trademark is no longer used by Volvo, Scat Trak's live on. The 1300HD, 1700HD and 1700XHP are prime examples of that with many still in operation. To this day there are those quite fond of the Scat Trak brand.

I came across what seems to be a pretty good deal on a Scat Trak Skid Steer and I'm not too familiar with their reputation. The machine is a 1996 1300C. I do know that they were bought out by Volvo in 2001 I believe. But as far as their durability and reliability and general reputation, I have no idea. Keep in mind my uses are light.

I don't know anything about scat trak loaders. That being said, I have a buddy who has a Gehl skid steer that is about 12 years old, he bought it for about 7k, used it for his project at his home, then

had it disintegrate, the cost of paying someone to repair it exceeded what it was worth.

I would do some searching locally before buying to see if you can get parts thru a Volvo dealer, or possibly thru a Lull/JLG dealer. I can guarantee you will be needing parts & service at some point! If nothing local, you can always try this place, as they seem to be the only place I know of that may still have parts for the Scat's.
