Home > Education > Real geography: US not so exceptional. Real geography: US not so exceptional By Pied Type on March 8, 2014 • ( 20). D efinately suffering a senior moment here, and it's one I have often: Did I do such-and-such, or did I only think about doing it? (Hate when this happens.) Today's case in point: Did I do a post about the Mercator and Peters projections/maps of the ...

Geography is the study of places and the relationships between people and their environments. Geographers explore both the physical properties of Earth's surface and the human societies spread across it.They also examine how human culture interacts with the natural environment, and the way that locations and places can have an impact on people. . Geography seeks to understand where things ...
