Merely said, the scion tc manual transmission fluid capacity is universally compatible following any devices to read.

Scion Tc Manual Transmission Fluid

this is an awesome diy guide. i just changed mine with some Redline mt90 and it feels a lot better. if you do this. make sure you have the right size sockets! i think the drain plug and the overflow plug are 23mm. i used a 27mm deep socket to take the harness bolt off. also, get a long funnel like the one in those pics. it will be alot easier to pour the new fluid in.

Club Scion tC - Forums - DIY: Manual transmission fluid swap

I am going to change my manual tranny's fluid again and most dealers recommend "manual transmission fluid" while a lot of people on here are just using "gear lube". I am going with Amsoil products but don't know exactly what to get. Again I have tried searching and want to know for sure before I piss away 50 more bucks on the wrong fluid. Thank ...

When fluid starts coming out of the fill plug, you know you are good to go. Go back to the top of the car and remove the reverse sensor and put it somewhere safe. Use a long funnel and fill the tranny with the new fluid. I used just under 3 full bottles of Redline MT90 before I had fluid come out of the "fill" plug.
