Wireless@Bolton - Connecting to eduroam - University of Bolton

Hi, Is it possible to set up the N95 so you can only unlock the keypad manually? I lock the keypad, put it in my pocket and it only needs to slide a little bit and unlocks the screen. I've found myself dialling numbers accidentally from my pocket on more than one occasion and don't mind the extra hassle of having to manually unlock the screen each time if it means I can cut this problem out.

Manual keypad unlock N95 - nokiausers.net

Set up an email account on your Nokia N95 mobile phone and stay connected wherever you are If you use a POP3 email account such as a web based email or email provided by your Internet Service Provider, you can pick up messages to and send them from your Nokia N95.

manual software updates for n95 8gb - Microsoft Community

The weird thing is I have been able to connect to my WLAN on my E61 for ages - and the settings are exactly the same as what I'm using on the N95. But for some reason, even though it detects my network, it just says 'unable to connect to WLAN network - network not found'

WLAN on N95 - again - Microsoft Community

This is the front cover of my manual - weird it says Nokia N95-2 however it does say on page 12 - Model number: Nokia N95-2, hereinafter referred to as Nokia N95 8GB. The phone is only a week old and bought on contract from O2. On page 95 under settings/display it clearly says ROTATE SCREEN - Change the setting for automatic display rotation ...

N95 8GB Manual - All About Symbian Forums

Probably you would not have backed up your phone setting. It is better to feed IP address, default gateway and DNS servers addresses manually. Your reouter booklet would describe its specifications with regards to IP settings. The default gateway, DNS server addresses of the internet provider, of your router and N95 should exactly match.
