Rift Game Engine

Is Rift getting a Game Engine update in 3.0? If you're wondering if Rift has had any great performance improvements lately, or expects any in the future, I would say nothing significant. The core engine is still the same, and while they hope they can fix it a little bit here and there, it's still the same mess it has always been: works OK for ...

Game Engine - Rift

Rift (previously known as Rift: Planes of Telara and as Heroes of Telara before that while still in alpha testing) is a fantasy free-to-play massively multiplayer online role-playing game developed by Trion Worlds. Rift takes place within the fantasy world of Telara. Two competing factions, composed of a selection of races and classes, battle each other and the enemies who emerge from dynamic ...

Rift Game Engine – Rift Dev

Hey guys, does anyone know what game engine Trion is using for Rift? is it their own/proprietary or a licensed one? From the official vids it looks pretty similar to WAR's at a guess. Cheers! From what I've seen so far the game looks very similar to WAR and from what I've heard it has the same public quest system that WAR has.
