An adventure game is a video game in which the player assumes the role of a protagonist in an interactive story driven by exploration and puzzle-solving. The genre's focus on story allows it to draw heavily from other narrative-based media, literature and film, encompassing a wide variety of literary genres. Many adventure games (text and graphic) are designed for a single player, since this ...

Licensed games also attempt to emulate the most popular genres at the time in an effort to maintain appeal — side-scrollers and Fighting Games were popular in the 1990s and more recently, Grand Theft Auto clones and shooters are common as well. Sometimes they will be a confusing mesh of gameplay genres as the developers attempt to figure out just what their license could be used for to fill ...

The trend of combining role-playing elements with arcade-style action mechanics was popularized by The Tower of Druaga, an arcade game released by Namco in June 1984. While the RPG elements in Druaga were very subtle, its success in Japan inspired the near-simultaneous development of three early action role-playing games, combining Druaga ' s real-time hack-and-slash gameplay with stronger RPG ...
